BENJ. SEWELL, Editor. Vol. 1. No. 38.

S. S. Combs is in Louisville this week on business.

Mrs. C. C. Fulks, who is afflicted with consumption, is gradually growing worse.

Rev. Martin Lane was suddenly taken ill on Saturday last, and is in a critical condition.

J. T. Bailey is erecting a very handsome cottage residence in this city on Chapside.

G. W. Halsey and Geo. W. King are attending the Mt. Sterling stock market this week.

Mrs. Hester Collins, whose illness has been reported heretofore, continues to be very low.

James T. Hanks left here Monday for Muskogee, I. T., in the interest of the Harper heirs.

A. B. Cox sustained a painful shake-up on Sunday by reason of a horse falling down with him.

Miss Cora Landsaw, of this place, died on the 11th. Her remains were laid to rest in the Holly graveyard.

The Campton Stags are on a strike while the Lee City Stags have the floor for all the glory there is in it.

Dr. H. H. Stamper last week took a pleasant view of the seductive beauties of Devils Creek, Holly and Frozen Creek.

James Burcham, of this place, died Sunday night, and was interred in the Campton Cemetery on Monday. He had been ill only a short while.

St. Patrick Howe hands us the spon-dulix for THE HERALD and Courier-Journal one year, and incidentally demands a write up of the doings of our "smart set."

By looking around a little the Campton town trustees discovered a number of property owners, and have kindly and officially served notice upon them to build substantial, five feet wide sidewalks. This looks like business, and if we have heretofore said anything about them to be sorry for we are glad of it.

The Boxer correspondent of the Breathitt County News expresses a desire for the editor of the Campton Courier to witness the weekly performances of the Stag Dancing Hall. Well, he cannot take the oath of allegiance "Fool keep thy tongue and write not for publication." He prefers to be a private in the trenches so he can give the Stags a writeup and be called a fool and ignorant by the sure smart ones of the "Smart Set."

Some hoot or hoodlum in the shape of a 22 flat editor has said "Life is not what we make it, not by a dam sight." In a sense this is true; in a sense it is not. Life is an unknown something that is and is not. We do not make life. Rather life makes us. We are life, true, life is not what we make it, but we are what life makes. In fact we are what we make of life. All that is, is life and we are one of the important constituent parts of life—a product from the oasis of life.

The proposed electric railroad from Lebanon to Columbia is now almost certain to be built. Mr. W. K. Azbill, the promoter, has completed the details of the organization, and the incorporation papers were sent to Frankfort for inspection and approval.

At Versailles Mrs. Belle Berryman and other heirs who contested the will of Mrs. Mary A. Mills, who bequeathed the bulk of her property to the Christian Church, Friday settled the case out of Court with the executor. Half of the estate goes to the heirs and the other half to the church.

Guthrie now has a hog ordinance, which has just gone into effect, whereby any person voluntarily permitting his hog or hogs to run at large shall be fined not less than \$5 nor more than \$10 for each and every such hog or pig.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood.

If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle by mail.

Free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Home of Swamp-Root.

A Good prescription

For mankind.

The 5-cent packet is enough for usual occasions. The family bottle (50 cents) contains a supply for a year. All druggists sell them.

THE HERALD.

SPENCER COOPER. : : : Editor.

HAZEL GREEN, KY.

THURSDAY, : April 21, : 1904.

Our Candidate for President,

WM. RANDOLPH HEARST, OF NEW YORK.

THE New York Congressman and journalist, William Randolph Hearst, is the only logical candidate yet named by the Democrats for their standard bearer. He has showed his faith by his works, and given every evidence that he is an anti-trust man. And the Democratic party, if it would win, must make the fight on that platform. All other candidates so far named have either remained profoundly silent upon the subject or by their actions have shown that they are in sympathy with the trusts, and are therefore unfit to represent the Democratic party.

A Great Sensation.

There was a big sensation in Leesville, Ind., when W. H. Brown of that place, who was expected to die, had his life saved by Dr. King's New Discovery for Consumption. He writes: "I endured insufferable agonies from asthma, but your New Discovery gave me immediate relief and soon thereafter effected a complete cure." Similar cures of consumption, pneumonia, bronchitis and grip are numerous. It's the peerless remedy for all throat and lung troubles. Price 50c. and \$1.00. Guaranteed and sold by all druggists. Trial bottles free.

WITH a few honorable exceptions the men who are pushing Judge Parker to the front are Republicans or strongly tainted with trust dogmas. That is, if not straight out Republicans they are of that class who call themselves gold money Democrats, both of which factions are allied with the monopolists. Judge Parker has never told the people where he stands or indicated what he would do in event of his election, and to vote for such a man would be like "buying a pig in a poke."

Good for Children.

The pleasant to take and harmless One Minute Cough Cure gives immediate relief in all cases of cough, croup and la grippe because it does not pass immediately into the stomach, but takes effect right at the seat of the trouble. It draws out the inflammation, heals and soothes and cures permanently by enabling the lungs to contribute pure life-giving and life-sustaining oxygen to the blood and tissues. One Minute Cough Cure is pleasant to take and it is good alike for young and old. Sold by all druggists.

SHOULD Judge Parker by any possibility become the nominee of the Democratic party and be elected (an event by no means probable) the fine Italian hand of both Belmont and Hill will control the administration of affairs, and everybody knows that they are committed to the Wall street money power, trusts, etc. Can the Democrats afford to support a tool of the trusts, is the question, in a nutshell.

Makes a Clean Sweep.

There's nothing like doing a thing thoroughly. Of all the salves you ever heard of, Bucklen's Arnica Salve is the best. It sweeps away and cures burns, sores, bruises, cuts, boils, ulcers, skin eruptions and piles. It's only 25c, and guaranteed to give satisfaction by all druggists.

Mrs. W. T. Caskey has been quite ill this week with erysipelas or scrofula, but was some better yesterday.

Strength

Comes from well digested and thoroughly assimilated food. Hood's Sarsaparilla tones the digestive organs, and thus builds up the strength. If you are getting "run down," begin taking Hood's at once.

HON. F. A. HOPKINS.

Present Representative in Congress, who was last Thursday, the 14th inst., nominated for re-election, and well has he deserved it, for never within our knowledge has the Tenth been so faithfully represented.

"HEARST A WINNER."

Says National Committeeman, C. A. Walsh, of Iowa, in Interview at Louisville.

LOUISVILLE, KY., April 14.—C. A. Walsh, of Iowa, secretary of the Democratic National Committee, who is in the city, said to-day that after analyzing political conditions, he does not see how it is possible that Hearst will be beaten. "In the first place," said Mr. Walsh, "it appears to me that the great and controlling issue of the approaching campaign will be the trust question. On this issue Hearst is certainly the logical candidate; he has attracted to himself the attention of the people of the country by his great fights carried on by his papers and in the courts in such special cases as the Ice Trust, the Coal Trust, the Meat Trust and in numerous other cases. I believe that the independent business men will be with him in this contest, and I know that he is vastly stronger than any other man with the workingmen of the country. "No man," continued Mr. Walsh, "can be elected without receiving Western votes in the Electoral College. Since the new apportionment under the census of 1900 a combination of New York, New Jersey, Connecticut, Indiana and the solid South will not elect. Connecticut, Rhode Island and Delaware added, it still leaves five votes short of a majority in the Electoral College.

ANALYSIS OF VOTES.

"Suppose Judge Parker is nominated, where can he get the necessary votes, even assuming an impossibility, namely, that he will carry New York, New Jersey, Connecticut, Rhode Island, Delaware, Indiana and the solid South, can he carry any of the Pacific Slope States, the Rocky Mountain or the Missouri River States? Can he carry Iowa, Minnesota, Illinois, Wisconsin, Michigan, Ohio or Pennsylvania? To ask that question is to suggest, with overwhelming force, to any fair minded man, a positive negative.

"The men back of Judge Parker know this quite as well as does the Republican press that is so ardently supporting him. It is not victory they expect, but control of the Democratic party by the Cleveland reorganizers.

They want to put the great machinery of the Democratic party again in the hands of the corporations, and the special privilege class, in the hands of those who speculate in legislation and amass gigantic fortunes through special privileges in legislation and departmental favoritism.

"But can Judge Parker carry even New York? He has been in politics a long time, and no man knows whether he is a protectionist, a free trader, or a tariff for revenue only man. No man knows whether he favors banks of issue. No man knows whether he is with the people of the United States in their desire to construct an Isthmian canal, or with the trans-Continental railroads in opposing it. No man knows authoritatively his position on a single public question. We can only judge of his position by the company he keeps. We know that it takes a positive man to carry a doubtful State.

WEAKNESS OF PARKER.

"We know that he ran for office once in New York and was elected, not by his own strength, but by the divisions existing in the Republican party.

"We know that in 1897, when he was elected to the Court of Appeals, that the Democratic party was united, and that his name was on the ticket in Greater New York City with Van Wyck, while the Republican party of that city was split in two warring factions, that Parker's opponent, Mr. Wallace, was printed

on the ticket with Platt's candidate, Tracy, and that the other Republican ticket headed by Seth Low, and known as the Citizens' Union, did not have Wallace's name on it.

"I don't believe that Parker is strengthened by those late developments in New York and Washington, which show the management of his campaign to be in the hands of Belmont and Hill. I think that the revelation of the mask has utterly destroyed any probability of Judge Parker receiving the nomination at St. Louis.

"The delegates in the national convention will demand some man of whose loyalty there can be no doubt, some man that, when the great battle of 1896 was on, was known at that time to be loyal and whose personality is a platform of itself and of whose opinions on questions at issue there can be no doubt.

Are You a Dyspeptic?

If you are a dyspeptic you owe it to yourself and your friends to get well. Dyspepsia annoys the dyspeptic's friends because his disease sours his disposition as well as his stomach. Kodol Dyspepsia Cure will not only cure dyspepsia, indigestion and sour stomach, but this palatable, reconstructive tonic digestant strengthens the whole digestive apparatus, and sweetens the life as well as the stomach. When you take Kodol Dyspepsia Cure the food you eat is enjoyed. It is digested, assimilated and its nutrient properties appropriated by the blood and tissues. Health is the result. Sold by all druggists.

"Still" Water Do Sparkle.

MR. EDITOR: In reading THE HERALD, which I hope everybody in Wolfe county and vicinity does as faithfully and regularly as I do, I often see a headline which says "Stillwater Sparkles" and I want to know about it. The still water I know of doesn't sparkle. Only the other kind does. Is your Stillwater different from the ordinary kind? It must be, or it wouldn't sparkle, and it must sparkle because THE HERALD says it does. Will you please explain? Also:

Give my love to the lovely girls, The maidens, sweet and coy, Who make Wolfe county the Lord's own county.

And fill the world with joy. My regards to all readers of THE HERALD. The others don't count. Keep a comin', you'll git 'em, shore.

My compliments to your better 15-15. Yours, LAMPTON, New York City.

April 11.

Euphony was the father of the headline referred to, to be honest about it. But nevertheless and notwithstanding all STILL-water sparkles. For instance, "Hagan's Old Rye," "Old Taylor," "Old Blakemore," etc., are sparklers. Now, me boy, ax us another.

Filling With Rope.

The Hazel Green Oil and Gas Co. have been peculiarly unfortunate with the last gas well they put down. In trying to fish out some tools a short time ago they lost 1350 feet of half-inch cotton rope. Saturday last they again made effort to get the tools, and incidentally the rope, when they added to the loss 1300 feet of three-quarter-inch sea-grass or manila cable, and the end is not yet.

Caesar Linden was here Monday and told "our man about town" that his wife, who has been dangerously ill, was much better.
